

KIDSGYM 1:2

Conductive Education Waikato Early Intervention Centre is offering a Kids' Gym programme in the afterschool hours, providing sessions to support physical development for children aged 5 years to 12 years.

It is open to children not currently accessing services under ORS or ACC who are walking independently or with limited aid, indicating difficulty with balance, co-ordination and speed, limitation to walking on uneven surfaces, inclines or in confined places.

The programme offers children the confidence to improve their fine and gross motor skills, cognitive and problem solving skills, whilst working on challenging motor tasks targeting co-ordination, balance and motor planning.

The **ULTIMATE GOAL is to allow children to achieve their full potential in everyday situations today as well as in the future.**

DO YOU NEED SUPPORT WITH YOUR CHILD'S PHYSICAL DEVELOPMENT?

Is your child falling regularly, struggling with balance and co-ordination?

Does your child need to improve, strengthen or maintain physical skills?

Do physical skills affect confidence and participation?

WHY WAIT? 'THE EARLIER THE BETTER'
